

Earth Bar & Earth Boss

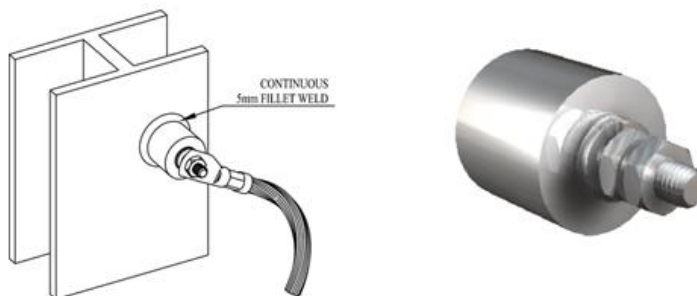

Earth bars provide a convenient common earthing point for electrical installations. LTE earth bars are made from high quality hard drawn tinned copper bar. Earth Bars are available in variety of sizes and specifications. Our standard earth bars are shown in the table below. Special earth bars manufactured to customer requirements are also available.

Description	Length	Width	Parts No
LTE 25x6mm 6ways Earth Bar	220 mm	120 mm	LTE-256-6
LTE 25x6mm 8ways Earth Bar	270 mm	120 mm	LTE-256-8
LTE 25x6mm 10ways Earth Bar	300 mm	120 mm	LTE-256-10
LTE 50x6mm 6ways Earth Bar	220 mm	120 mm	LTE-506-6-220
LTE 50x6mm 6ways Earth Bar	400 mm	120 mm	LTE-506-6-400
LTE 50x6mm 8ways Earth Bar	270 mm	120 mm	LTE-506-8
LTE 50x6mm 10ways Earth Bar	300 mm	120 mm	LTE-506-10

* Other sizes also available upon request.

EARTH BOSS

Earth boss is designed to provide an earth connection point on a steel structure.

The earth boss is welded onto steel vessels, tanks and other structures.

Diameter	Length	Thread size	Material	Part No.
40mm	30mm	M10	Carbon steel	EB4030CS
40mm	30mm	M10	Stainless steel	EB4030SS

Material:

Body – Carbon Steel or Stainless Steel 316L

Fittings – Stainless Steel * Other material also available upon request.
